

Special Function Rates for Charitable Functions

Norwin Elks Lodge #2313 is supportive of local charities and is willing to assist them in their efforts to support their causes. Because of this, when possible, we will provide meeting spaces for local nonprofit organizations at a reduced rate.

The rate assessed for each organization, for each event, is dependent on how the lodge space will be used and the level of lodge support personnel will need to provide for the event.

The Norwin Elks Representative must be made aware of the need for space at least sixty (60) days prior to the event. At that time the nonprofit organization will be expected to provide an explanation as to what activities will be undertaken during the event and what their expectations are related to receiving assistance from lodge volunteers or staff.

The Norwin Elks Representative will inform the nonprofit organization what, if any, expenses the organization will need to pay the lodge within seven (7) days of the request.
